Hurley, chairman of the United States Shipping Board; Percy H. fight, and still fight, with every ma eal National Bank of New York; A. S. Burleson, postmaster general, and wring victory from the Huns." Samuel Gompers, president of the Amer ican Federation of Labor, had spoken tural Bill, Josephus Daniels, Secretary of the Navy, made a profound impression on the committee by his testimony in favor of immediate prohibi-tion. He based his statements not on the shinvards." what might happen, but on the actual results which he had noted in his ex perience through the banishment of the saloon, from all the fields under the ment.

"Speaking for the enlisted men and personnel of the Navy," said Secretary Daniels, "I want to say that the elimination of liquor has increased efficiency in every particular and that

In every case, he declared, where there had been a change from the open saloon to prohibition, the results were expected Germany to despatch these the same, and spoke volumes in favor of the change. Further, he declared, those who were opposed to the change | the to do so, von Buelow will not command have since then approved and testified to the benefits which have accrued to all concerned. As an illustration of what the effactment of a dry law could According to Swiss advices, the do for the shipyards, Secretary Daniels kaiser, who was on one of the battle submitted the cases of Mare Island, San Francisco and Newport, Rhode Help to Sailors

The commandants of these yards, he said, had repeatedly uppealed to him to issue an order prohibiting the sale of liquor within the five-mile limit. After full consideration the orders were but into effect, with marked improvement of work in yards where the efficiency formerly was of a very high order. The saloon, he said, is a temptation which should not be permitted to exist and "which ought not to prevail wherever we wish to secure the highest

possible efficiency. Speaking of the general effects of prohibition legislation, Secretary Daniels told the committee that reasoning or to shirk the issue. "When the Conthe federal food commissioner for soldiers and 400,000 sailors that they you make these re-
